Dear Parents

Warm Greetings!

KNOWING is not enough, we must apply.

WILLING is not enough, we must do

Sports are deemed essential within the school curriculum, as they imbue students with invaluable social skills, discipline, patience, and teamwork. It is with great pleasure that we inform you that Skating and Taekwondo have been integrated into our regular timetable as core programs. We aim to foster an environment where students are encouraged to explore various domains of learning and excel in their pursuits.

Kindly read the instructions and fill the consent form given below:

- Coaching would be provided during school hours as a part of curriculum integration.
- Students need to bring their skates along with the proper safety gear.
- Students need to wear a Taekwondo uniform on the day of Taekwondo class.
