QCS- SCHOOL THAT INSPIRES

Nurturing The Ignited Minds

Life at QCS is a meticulously curated journey of intellectual illumination, an amalgamation of academic distinction, artistic excellence, athletic prowess, and ethical fortitude. Our unwavering commitment to holistic education fosters latent potential, empowering students to emerge as self-reliant, discerning, and virtuous global citizens poised to influence the world with their knowledge and integrity.

At QCS - Queen's Carmel School , we diligently cultivate an environment that fosters innovation and creativity, making us a veritable 'thinking school.' Here, our students are afforded every opportunity to harness their potential through a diverse range of scholastic and co-scholastic activities, each meticulously designed to provide transformative learning experiences. Our goal is to equip our students with intellectual fortitude and a broadened ideological outlook.

OUR LEGACY

QCS- SCHOOL THAT INSPIRES

Spanning over three decades of unparalleled excellence in education, QCS stands as an illustrious bastion of enlightenment, wisdom, and progressive learning. Our distinguished leadership epitomizes integrity, innovation, and an unwavering dedication to pedagogical distinction. With an entrenched commitment to fostering intellectual curiosity and critical thinking, we shape future trailblazers who will redefine the global landscape with their acumen, ingenuity, and unwavering sense of purpose.

Chairman's Message

Mr. Anil Sachdeva

During these persistently challenging and dynamically evolving times, we fervently uphold the value of perseverance and pledge our commitment to a collaborative partnership with parents in the educational journey and holistic development of our cherished children. Our duty transcends the realm of academic instruction, encompassing the essential task of instilling a robust foundation of values. These values serve as the empowering wings that propel our students towards global society, instilling within them attributes of dignity, integrity, and honour. Our unwavering mission remains steadfast: to nurture our children into सर्वगुण सम्पन्न individuals, equipping them with a comprehensive understanding of life's complexities.

To meet the evolving needs of next-generation learners, the transformative power of education with new methodologies, technologies, and approaches to enrich learning experiences is a must. I have a fervent belief in the boundless potential of education that propels students to push boundaries, challenging conventional norms, and fostering creativity. Innovation and a progressive approach to community outreach at the early stages of learning ensure that knowledge becomes a force for empowerment and societal progress. Students of today are the catalysts for a brighter, more enlightened future.

HOS Speaks

Ms. Sandhya Kumaria

Education is lifelong learning where intellectual growth must be blended with the creation of curiosity to seek new avenues and skills. As Head of School, I believe in a joyful teaching-learning process in which teachers serve as facilitators to awaken joy, create opportunities for engagement, and engage students in active learning. At Queen's Carmel School, curriculum implementation is mindfully designed to hone independent research and critical thinking skills along with deep subject knowledge, thereby developing the skills of application that hold relevance to the current world situation.

Director's Message

Mr. Deepak Jain

"A word after a word after a word is power."

— Margaret Atwood

Welcome to the second edition of our esteemed school newsletter—a distinguished chronicle of our community's unwavering spirit, remarkable achievements, and boundless aspirations. As we embark on this literary journey, I am delighted to present a collection of insights, updates, and narratives that encapsulate the very essence of our institution's ethos.

In the ever-evolving realm of education, our steadfast commitment to excellence and perpetual growth remains resolute. At the heart of our academic philosophy lies the profound belief that every individual harbors a reservoir of unique talents, passions, and aspirations, awaiting discovery and refinement.

Through the pages of this newsletter, we invite you to traverse the vibrant corridors of QCS, where each day unfolds as a celebration of diversity, intellectual exploration, and innovative pursuits. With a resolute focus on interdisciplinary learning, project-based initiatives, and experiential opportunities, we cultivate an environment where students are empowered to think critically, solve problems creatively, and evolve into lifelong learners, adept at navigating the complexities of the 21st century.

Join us as we embark on this exhilarating voyage, unveiling a spectrum of extraordinary talents and accomplishments. Together, let us forge new pathways for growth and development, further enriching the fabric of our dynamic school community.

Regards
Editorial Board

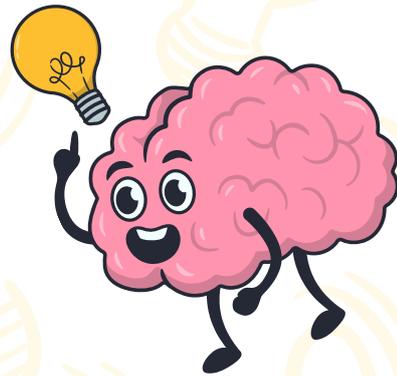

“Believe in your infinite potential. Your only limitations are those you set upon yourself.”

- Roy T. Bennett

Academic Culture

At QCS, education is an intricate and multifaceted tapestry of intellectual exploration, concept-driven inquiry, and immersive experiential learning. Our avant-garde methodologies refine analytical dexterity, sharpen problem-solving acumen, and nurture an insatiable intellectual curiosity. Through a meticulously structured academic culture, we emphasize critical thinking, interdisciplinary approaches, and a synthesis of knowledge that equips students with the intellectual rigor necessary to excel in a rapidly evolving world.

Experiential Learning

EXPANDING HORIZONS

Education is all a matter of building bridges.

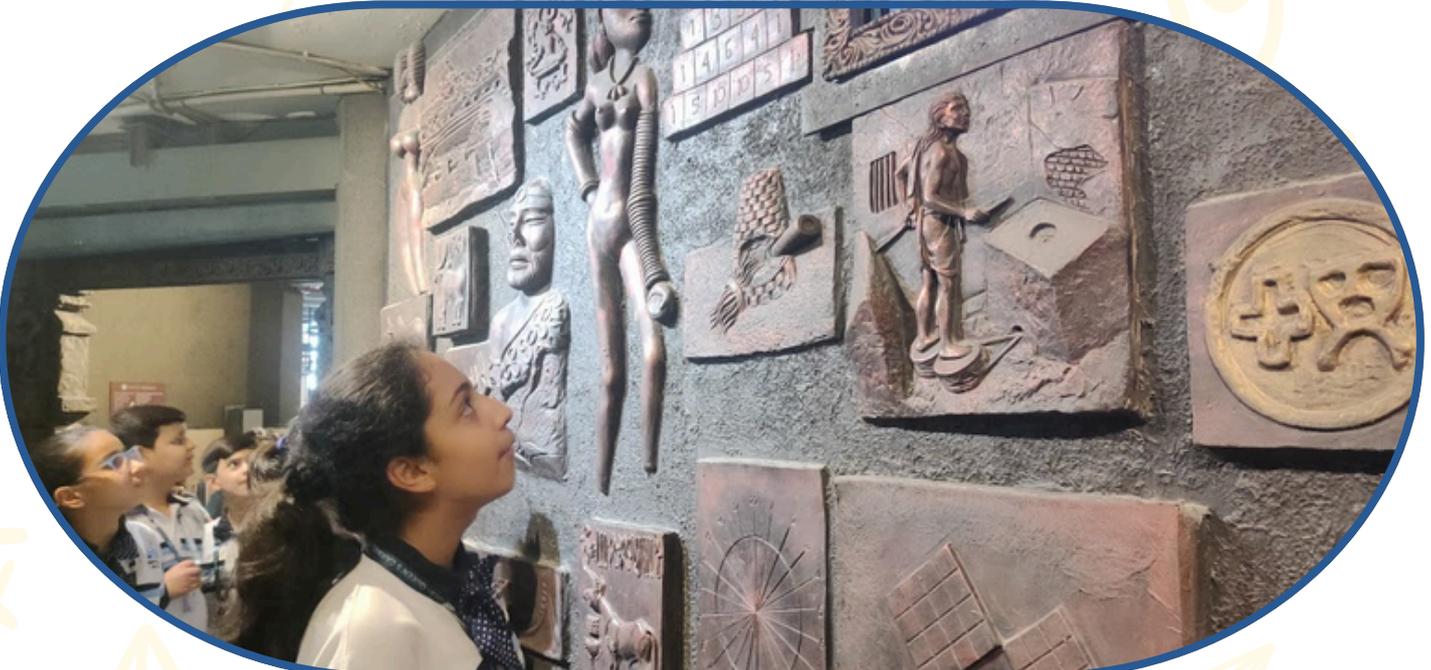

— Ralph Ellison

Beyond academics, QCS fosters multifaceted engagement that surpasses traditional classroom confines exemplified through environmental initiatives, academic excursions, and community service endeavours. Our holistic pedagogical approach, rooted in experiential learning and altruism, cultivates discerning leaders equipped to navigate global challenges with wisdom and empathy.

PROJECT BASED LEARNING

Tell me and I forget, teach me and I may remember, involve me and I learn.”

— Benjamin Franklin

At QCS, Project-Based Learning (PBL) is conducted biannually, fostering experiential learning and intellectual exploration. This year, students delved into Sustainable Development Goals (SDG) 6 and 7, emphasizing clean water, sanitation, and sustainable energy solutions. Through immersive activities and meticulously crafted projects, they acquired profound insights into pressing global sustainability challenges. PBL cultivates analytical acumen, environmental stewardship, and innovative problem-solving, empowering students to emerge as visionary global citizens dedicated to a sustainable and equitable future.

CHAMPIONS BEYOND CAMPUS

"The will to win, the desire to succeed, the urge to reach your full potential... these are the keys that will unlock the door to excellence."

— Confucius

At QCS, we are steadfast in our commitment to providing a myriad of prestigious platforms that empower students to showcase their talents and excel beyond the confines of the classroom. Through an extensive array of interschool and intra-school competitions, we nurture a culture of excellence, resilience, and spirited competition, allowing our students to not only refine their skills but also emerge as distinguished achievers.

CHAMPIONS BEYOND CAMPUS

"The will to win, the desire to succeed, the urge to reach your full potential... these are the keys that will unlock the door to excellence."

— Confucius

The school, as a steadfast pillar of support, meticulously curates and facilitates these opportunities, ensuring that every student is equipped with the mentorship, guidance, and resources needed to thrive. Their consistent success in these competitions stands as a testament to both their unwavering dedication and the school's resolute commitment to nurturing talent, fostering excellence, and inspiring future champions.

CULTURAL RENDEZVOUS

**“Starting over can be challenging but also it can be a great opportunity to do things differently.”
- Catherine Pulsifer**

At the very core of our cultural ethos lies an unwavering commitment to celebrating diversity, fostering inclusivity, and embracing the rich tapestry of traditions that animate the vibrant corridors of QCS. Each meticulously curated event serves as a conduit for artistic expression, offering students a distinguished platform to channel their creativity across a myriad of artistic forms.

NEW INITIATIVES 2024-25

"The future belongs to those who learn more skills and combine them in creative ways."
— Robert Greene

In the 2024-25 session, QCS has introduced pioneering initiatives, including Robotics Classes – Droid Education, Times NIE, and an advanced English & French Language Lab. These progressive programs are designed to equip students with cutting-edge technological proficiency, critical thinking skills, and linguistic dexterity, fostering intellectual growth and global competence. By integrating robotics, media literacy, and multilingual fluency, QCS ensures students are adeptly prepared to navigate an increasingly dynamic and interconnected world with confidence and ingenuity.

THE IMAGINARIUM

“Creativity is a habit, and the best creativity is the result of good work habits.”
– Twyla Tharp

At QCS, creativity is not just a skill but an indelible essence woven into the very fabric of our academic philosophy. Our students masterfully channel their boundless imagination into eloquent storytelling, profound poetry, and captivating artistic expressions. Through an extensive exploration of literary forms, visual arts, and dramatic interpretations, they refine their creative prowess and develop a distinctive artistic voice.

The Fire Spitting Demon

There was a man named Alvin who was righteous and virtuous. But he fell in bad company. A bad company makes one do things that are detrimental to oneself. Alvin was no exception. His friends lured him into doing things harmful to nature, like cutting down trees, selling the wood for easy money. His parents persuaded him to become more sensible about his actions. One day when he was going out to loiter the woods with his friends, he saw the forest burning. He found himself surrounded by fire, unable to breath. Suddenly a tree monster appeared before him spitting fire at him, and dare him with an axe. He panicked on seeing him and felt like demon was smothering him. He shouted out to his friends for help, but they were nowhere to be seen and realized his folly of trusting the wrong people. But nothing could be done as time waits for none. He saw his end near and repented for his mistake. He asked the demon for forgiveness but the demon paid no heed and advanced towards him. As the demon opened his mouth to devour him, Alvin fell from his bed with a loud thud and his eyes opened. His head hurt due to the impact to the fall but he heaved a sigh of relief as he realized what he had seen was just a dream. He learnt his lesson from the dream that nature can be cruel if we take destroying it and take it for granted. He promised himself never to destroy and decided to earn money by working hard. From that day on , Alvin changed his ways and became a responsible and environmentally conscious person.

MORAL: 1) Save the nature and never destroy it.
2) Never to be with a bad company.

Melissa: The Fighter

Melissa was the daughter of Jake and Brenda. After Jake left the throne, his two sons, Luke and David, became old enough to rule the city of Thebes in alternate years. Luke, at the end of his first year of rule, broke his promise and refused to step down. David attacked him with the army which was under David's control against his own city. The battle ended with both brothers killing each other.

Creon, Melissa's uncle, came in power and took control of Thebes and declared that Luke's body will be buried with respect and David's body will be left unattended as he was a traitor and attacked his own city. As the sister of the two, Melissa disobeyed his uncle. Her uncle was offended by her action and sent her to a unknown cave far in the east for life. Melissa, after eight years, was sentenced to death. Melissa got to know that Creon had ordered his men to bury her in the unknown cave, as he thought Melissa would be afraid to die. But fortunately, that was not the case. When Melissa was going to the execution room, Creon was with her to say the last goodbye. "You will not survive more than seven years. That's my curse and I will avenge my brothers in the other form and make you get on your knees." Said Melissa. "Are these your last words?" Asked Creon. "Yes" Said Melissa in a relieved manner. "Well then. Goodbye." Said Creon. Melissa was executed after that conversation. (Creon ruled the city of Thebes for seven years. After some days, Creon and the city faced a major invasion and Creon was badly defeated.

James, the ruler of the opposing Kingdom, made Creon to beg on his knees and said "Karma" Creon instantly realized that why was this happening and got flashback of what happened eight years ago. Creon was defeated and killed mercilessly by James and the city of Thebes vanished from the map of the world.

"Writing is the painting of the voice." — Voltaire

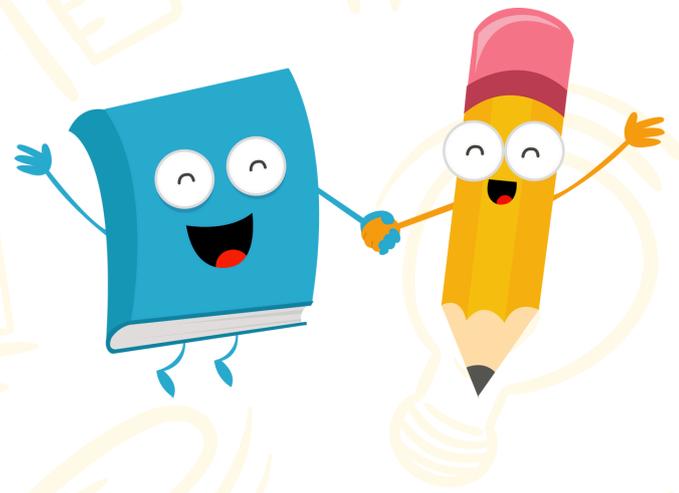

The Paper Boat

Not a sea, nor a river,
Neither a stream, nor a canal;
Do you think I need a driver?
For I am a boat small.

I can flow free and calm
In the waters with no charm;
Without a passenger or a gate
I'm left but to my fate.

On I go a thousand miles
Carrying on; with all smiles;
Never stop, I always say,
Facing odds on the way.

Ashwina Rawal
Grade VII

The God Within Us

In a world of chaos,
I often ponder,
God's role in this life,
I often wonder.

Does God watch us closely,
guide our way,
or let us decide,
the course of each day?

Though questions linger,
uncertainties sway,
In the end, we must
find our own way.

To be kind and to
do what is right,
In the dance of God,
and humanity's light.

Ashwina Rawal
Grade VII

Our esteemed faculty embodies an amalgamation of wisdom, dedication, and transformative mentorship. Their unwavering commitment to academic excellence, moral fortitude, and intellectual cultivation ensures that every student is equipped with the discernment and skills necessary to navigate the multifaceted pathways of knowledge and personal growth.
