Circular No. QCS/2024/104

Subject: New Taekwondo Room Development

Dear Parent

Greetings

We are thrilled to announce an exciting new addition to our school's sports facilities. In our ongoing effort to provide our students with the best possible environment for their physical and extracurricular development, we are developing a state-of-the-art Taekwondo room. This new facility is equipped with the latest infrastructure, ensuring that our students have access to the highest quality training resources. The enhanced Taekwondo room includes:

- Advanced training mats for safety and performance.
- Modern equipment to facilitate skill development.
- Adequate space for comprehensive practice sessions.

The new Taekwondo room is designed to help our students take their skills to the next level, preparing them for various interschool competitions and beyond. We are confident that this facility will significantly benefit our students, enabling them to practice and develop their Taekwondo skills in a professional setting.

In addition to having the right facilities, it is equally important to practice in the appropriate attire. Proper attire ensures the safety of the students by allowing free movement and preventing injuries. Also it ensures structured and disciplined environment for our Taekwondo classes. Therefore, we kindly request parents to ensure that their children come in Taekwondo uniform on the day of their Taekwondo class. Students who are not having the uniform can procure it at the earliest. Meanwhile, students (girls) who do not have the uniform are required to wear cycling shorts.

We look forward to seeing our students grow and excel in Taekwondo, taking full advantage of this new facility.

Warm Regards
